MCC9	No. 9	10
MCC10	No. 10	10
MCC11	No. 11	10
MCC12	No. 12	10
MCC14	No. 14	10
MCC16	No. 16	10
MCC18	No.18	10
MCC20	No.20	10

Why use Metal Cable Cleats?

Manufactured from mild steel and are not only **18th Edition Compliant**, but more durable and capable of withstanding extreme conditions, perfect for securing EV cable. They are less likely to break or degrade over time, ensuring long-term reliability and safety.
