

Underfloor Heating Mats

160W Underfloor heating mats – suitable for almost any floor covering

- Zero-float mesh for use with levelling compounds
- Suitable for almost any floor covering
- Quick and easy to install
- 3mm cable for low build height
- Supplied with 4m coldtails
- Lifetime warranty valid even when used with alternative manufacturers thermostats

160W mats are fast reacting and high-quality making them suitable for the majority of applications. 160W mats

can be installed beneath almost any floor covering if covered with a levelling compound (compound not required when used beneath tiles). They can be used for sole source heating in well insulated spaces or to warm the floor if alternative heating is present.

Product code	Coverage (m ²)	Length (m)	Wattage (W)
