Features

- Multi-application PIR detector for ceiling, wall or corner mounting
- Bidirectional detection angle for maximum coverage
- Adjustable vertical and sideways swivelling detector head for optimum positioning
- Adjustable Lux and Time delay settings
- Auto off/manual override switching function
- Switches Incandescent, Halogen and LED loads
- 3-Year Guarantee

Range

3 in 1 Outdoor PIR - White	L2353WH
3 in 1 Outdoor PIR - Black	L2353BK

Technical Specification

Voltage	220V - 240V AC 50Hz
Detection method	Passive infrared
Detection angle	180° & 360°
Detection range	12m
Adjustable Timer	10 sec - 30 minutes
Adjustable Lux level	10 - 2000 lux
IP rating	IP54
Maximum Load	
Incandescent	2000W
LED	1000W
Mounting Height	
Ceiling	2.2 - 4m
Wall	1.8 – 2.5m
Manual Override	Yes

Standards

- BS EN 60669-2-1
