

SHELLBOX, MJB with Terminals

As well as our range of connectors, WISKA have also introduced the SHELLBOX, a mini gel insulated junction box (MJB). The MJB takes WISKA's gel and gel insulated joint range to another level, offering a fast and easy solution to protect and insulate connections with up to five wires on the same phase. Available in 3 sizes with or without terminals (SBOX).

SHELLBOX
with Terminals (SBOX)

Protection class	IP X8
Temperature range	-20 °C - 90 °C
Rated current	32 A
Voltage	600 V
Clamping range	0.08 - 4 mm ²
Accepted cables	solid/ rigid/ flexible
Colour	Blue
Toxic	No
Expiry date	None
Additional info	Pre-filled/ ready to use Re-enterable
