

Product Code: QHS6MPKIT

Description: 6.4mm x 1mm Heat Shrink Pack

**Dimensions (mm)**

Length	1m
Internal Diameter	6.4mm

Materials

Halogen-Free Polyolefin

General Information

Shrink Ratio	2:1
Shrink Temperature	< 120°C
Longitudinal Change	+5% to 10%
Thermal Heat Ageing	168 Hours - 150°C, 4 Hours - 200°C
Chemical Resistance	23°C for 24 hours for petrol, H-515 hydraulic fluid, 0-148 lubricating oil
Min. Tensile Strength (N)	10MPa
Dielectric Strength	20kV/mm
Elongation Break	250%
Continuous Temperature	-55°C - +135°C
Flammability	ASTM D876 Passes UL224 VW1

Additional Information

Pack contains brown, blue, green/yellow, black and grey sleeving.

Packaging Overview

Polybag Pack

Standards

UL224 VW1 600V, Def Stan 59-9 Type 3, VG 95343 Part 5

Directives

RoHS 2: 2011/65/EU & RoHS 3: 2015/863/EU

REACH: 1907/2006/EU
