

Product Code: QDT50X50

Description: 50M x 50mm Duct Tape (Roll)

**Dimensions (mm)**

Length	50 Metres
Width	50mm

Materials

Tape: Woven Polyester And Cotton Coated, Blended With LDPE (Low-density polyethylene)

Adhesive: Synthetic Rubber

General Information

Colour:	Silver/Grey
Tape Thickness	0.17mm ± 0.01mm
Tensile Strength	65N/inch
Elongation At Break	10-20%
Service Temperature Range	-15°C - +70°C

Additional Information

Application temperature: Between 0°C and +35°C

Surface must be clean and free from dust and grease

The indicated level of performance will be reached after a bonding period of 24 HRS at 23°C

Adhesion to Steel: >10N/inch

Packaging Overview

Plastic Wrap Of 1 Roll

Directives

RoHS 2: 2011/65/EU & RoHS 3: 2015/863/EU

REACH: 1907/2006/EU
