## Steel Spacer Bar Saddles for Conduit

Code	Size	Quantity
SB20W	20mm	100
SB25W	25mm	100
SB20B	20mm	100
SB25B	25mm	100

For plastic conduit, a steel spacer bar saddle with white / black powder coating for a professional looking finish.

- Fully Compliant
- 2 Hours Tested
- 930°C

## External Half Saddles for Trunking Retrofit

Code	Trunking Size	Quantity
EFH25	25mm	100
EFH38	38mm	100
EFH50	50mm	100

- Certified to BS8434-2
- BS5839-1 Compliant
- Maintains adequate support at high temperatures
- Available for use with standard trunking sizes
- Prevents cable collapse in fire situations
- Test reports available on request
- Can be fitted retrospectively
- Ideal for 'close to edge' fitting

## External Fire Clips for Trunking Retrofit

Code	Trunking Size	Quantity
EFC25	25mm	50
EFC38	38mm	20
EFC50	50mm	10

- Certified to BS8434-2
- BS5839-1 Compliant
- Maintains adequate support at high temperatures
- Available for use with standard trunking sizes
- Prevents cable collapse in fire situations
- Test reports available on request
- Can be fitted retrospectively

## Metal Wall Plugs

Code	Size	Drill Hole Size	To Suit Screw Size	Quantity
SA5	M5 x 30	6mm - Red	8 Gauge (4.2mm)	100
SA6	M6 x 32	7mm - Brown	10 Gauge (5mm)	100

**Material:** Steel  
**Finish:** Zinc Plated (BZP)  
 SA5 - Equivalent to Red Wall Plugs 8 Gauge (4.2mm)  
 SA6 - Equivalent to Brown Wall Plugs 10 Gauge (5mm)

## Concrete Direct Screw Steel

Code	Size	Quantity
HM4845	4.8 x 45	100

These screws fix directly into masonry walls and are ideal to cover the fixing of above products without the use of plastic plugs. Perfect for fitting new metal consumer units

# Fire Performance Solutions

Essentials & Solutions for Compliance with 18<sup>th</sup> Edition Regulations

- Aiding Compliance with 18<sup>th</sup> Edition Regulations
- Independently tested for Fire and Heat Resistance
- Innovative and expanding range available off the shelf for next day delivery
