

Product Code: QEP5812T

Description: 5/8" Threaded Earth Rod - 1200mm

**Dimensions**

Length	1200mm (4ft)
Size (Imperial)	5/8" Diameter
Size (Metric)	14.2mm Diameter

Materials

Low carbon, high tensile strength (600n/mm² minimum) steel core with a >25-micron coating of molecular bonded 99.9% pure electrolytic copper

General Information

Thread Length	30mm (Both Ends)
Coating Thickness	>25 Microns

Additional Information

To join more rods together the coupler (QEP58TC) is required.
Not suitable for lightning protection.

Packaging Overview

Individual Polybag

Standards

BS EN IEC 62561-2:2018

BS 7430

Directives

Low Voltage Directive: 2014/35/EU

RoHS 2: 2011/65/EU & RoHS 3: 2015/863/EU

REACH: 1907/2006/EU
