

Galv Conduits Bare – 15A

Galvanised steel flexible conduit.

Self colour zinc.

High mechanical strength.

Temperature rating -100°C to +300°C

IP Rating: IP40

*Fixed and swivel glands both available.

Part No.	Description
M20GALV	20mm Galv conduit 50m Coil
M25GALV	25mm Galv conduit 50m Coil
M20FIXED	M20 Fixed gland
M25FIXED	M25 Fixed gland
M20SWIVEL	M20 Swivel gland
M25SWIVEL	M25 Swivel gland

Sizes to M50 available.

Galv Conduits PVC Coated – 15B

Galvanised steel flexible conduit with PVC coating.

High mechanical strength.

Temperature rating: -15°C to +70°C

IP Rating: IP65

*Fixed and swivel glands both available

Part No.	Description
M20CONN-GALV-PVC	20mm Galv PVC conduit 50m Coil
M25CONN-GALV-PVC	25mm Galv PVC conduit 50m Coil
M20FIXED	M20 Fixed gland
M25FIXED	M25 Fixed gland
M20SWIVEL	M20 Swivel gland
M25SWIVEL	M25 Swivel gland

Sizes to M50 available.

Spiral PVC Conduit & Fittings – 15C

PVC Spiral reinforced smooth bore conduit with UPVC spiral reinforcement and flexible PVC jacket.

Temperature rating: -50°C to +70°C

IP Rating: IP65

Part No.	Description
M20SPIRAL	M20 Spiral reinforce conduit 30m Coil
M25SPIRAL	M25 Spiral reinforce conduit 30m Coil
M20/SPIRAL/GL	M20 Spiral gland
M25/SPIRAL/GL	M25 Spiral gland
