

## Arno LED Integrated Interior Slimline Batten

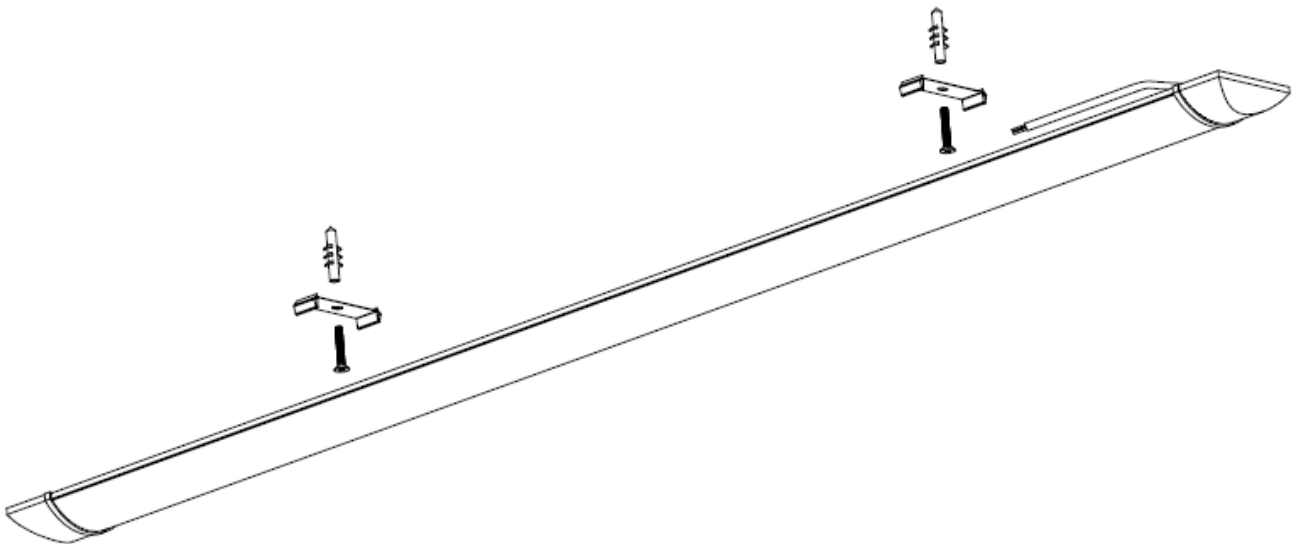

Please read these instructions thoroughly before use and retain for future reference.

### Safety Information

- Installation must be carried out in accordance with national building and wiring regulations. If you are in any doubt about installing this product, please consult a qualified electrician.
- The LED module light source contained in this luminaire shall only be replaced by the manufacturer, service agent or a similar qualified person.
- **Dangerous voltage may be accessible with the diffuser removed.**
- This product is suitable for connection to a switched 220-240Vac 50/60Hz supply.
- This product is a **class II** product not requiring an Earth connection and is suitable for indoor use only.
- If connecting the luminaire to sensors or time switches, ensure that the control device does not leak a voltage through the luminaire in the off state. Leaked voltages may accumulate and cause intermittent flashes in the off state.

### Installation Information

- Before commencing installation turn off and isolate the circuit to be worked on by removing the fuse or switching the circuit breaker off at the distribution board.
- The fixed cable with wiring tails enters from the rear, so a suitable junction box connection at the back of the fitting must be provided.
- When drilling or screwing take care not to damage existing wiring or pipework.
- Select a suitable secure mounting position and drill holes as appropriate to mount the fixing brackets.
- Connect the cable from the batten to the supply in a suitable junction box.as follows:  
**Brown = Live (L)**  
**Blue = Neutral (N)**
- Ensure that all electrical connections are tight with no loose strands.
- Push the batten onto the brackets to hold in place.
- Reconnect the power supply.

The Waste Electrical & Electronic Equipment Regulations (WEEE) requires that products bearing this symbol must not be disposed of with household waste as they may contain substances harmful to the environment. The Local Authority can provide advice on recycling.
