

Programmable and automatic thermostat.  
New design with a large touch screen.

## FEATURES:

- New electronic regulation based on Triac with domestic PID system regulation
- Weather forecast management
- Large touch screen to allow ease of use and security. Available in back and white.
- Compatible with Alexa, opening doors to 4.0 technology. The internet of things (OIT)
- Controlled via Farho APP.
- Geolocation for optimum consumption.
- Data analysis and storage of the current installation running cost.
- Consumption management and setting power limits. WIFI.
- Remote software updates and deployment of new releases.
- New European aluminium with higher patent-protected performance.
- 1" metal-clad electrical resistor, made of AISI-304 stainless steel tube, low energy and maximum heater efficiency.
- FARHOIL thermal fluid. Made exclusively for FARHO by SHELL.
- Maximum thermal emission per element 161,4W
