

# Spectrum Smart Switch

Touch sensitive retrofit smart control switch for the Spectrum range of smart device controlled downlights. Ideal for wall control without the need to use any of your paired smart devices. Gives traditional functionality and convenience of a wall-mounted switch to your Spectrum downlights.

- Independent main light and halo light control
- Full colour and brightness control
- Touch-sensitive controls
- Wireless Bluetooth signalling to light group
- Switch requires an AC Neutral In feed from the lightning circuit
