1800W (Wi-Fi)	815	575	95	ASCOT01800WF/WIFI

Our largest within the range, perfect for any large commercial rooms. Can provide sufficient heat to any room up to 26m<sup>2</sup>.

**Commonly used**

Has been seen to be very flexible across projects. Very commonly installed in large halls and communal rooms, however, you would also see these used in domestic settings, such as large bedrooms and living areas. Whilst having the ability to provide lots of heat, the aesthetic nature makes it perfect for all kinds of installs.
