

SLIMLINE DÉCOR

Deta Slimline Décor provides a range of metal plate wiring accessories to match with the clean contemporary styling of the popular **Slimline** and **Slimline Screwless** ranges.

Slimline Décor offers a comprehensive range of accessories available in a choice of Chrome or Satin Chrome finishes with either black or white moulded inserts. With matching metal rockers on all switched accessories, **Slimline Décor** provides elegance and sophistication to any modern domestic or commercial building.

Products in the **Slimline Décor** range are guaranteed for 25 years (2 years for electronic products).

PRODUCT FEATURES

SLIMLINE
DÉCOR

The elegant design of the **DETA Slimline Décor** range complements both the **Slimline** and **Slimline Screwless** ranges of wiring accessories providing extended application opportunities in domestic and commercial projects, keeping installation consistently simple and straightforward.

The **DETA Slimline Décor** range incorporates a number of features including angled terminals, captive backed out terminal screws, high visibility terminal markings and colour coded terminals. Terminals are angled to assist dressing cables into the back box and enabling effortless installation.
