

SLIMLINE SCREWLESS

Deta Slimline Screwless provides a range of pre-assembled white and chrome wiring accessories designed to match the clean contemporary styling of the popular **Slimline** range.

Slimline Screwless offers the same sleek modern profile as **Slimline** with no visible fixing screws and a removable front plate, making it ideal for decorating by speeding up the painting process and avoiding paint drips.

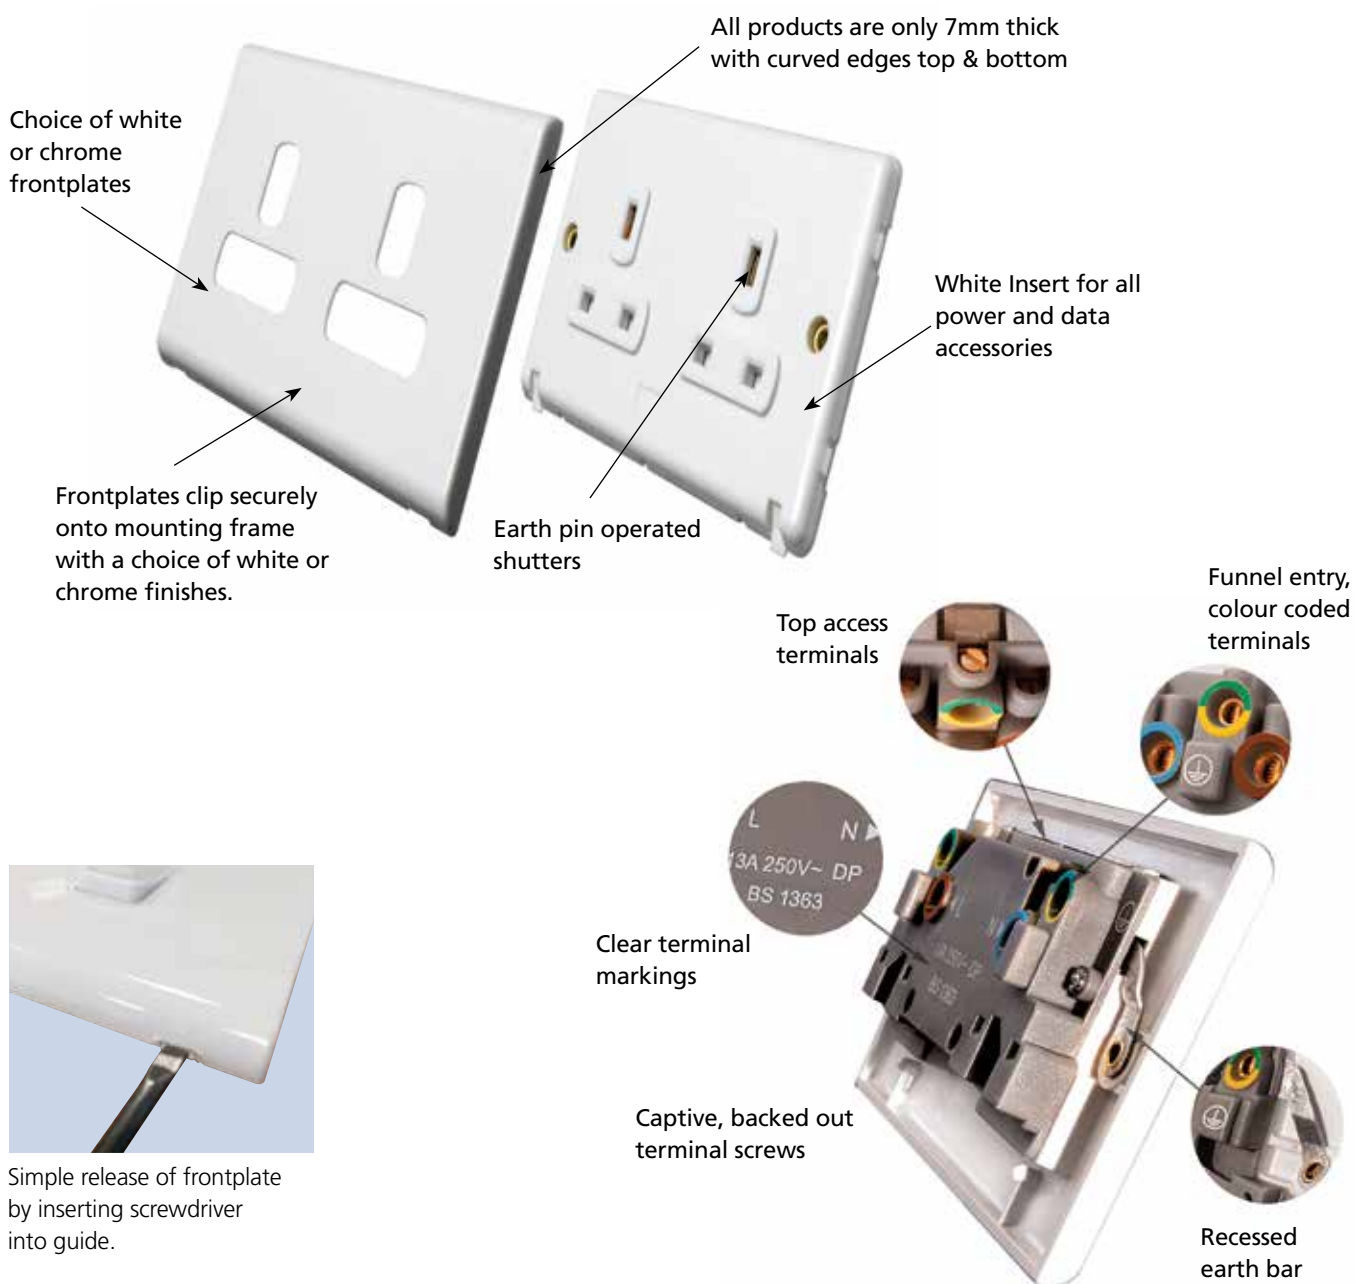

Products in the **Slimline Screwless** range are guaranteed for 25 years (2 years for electronic products).

PRODUCT FEATURES

With the professional in mind, all products can be fully installed and tested before the addition of the screwless frontplates, which simply but securely clip onto the mounting system.

The removable frontplates also provide a practical solution when decorating.

Simple release of frontplate by inserting screwdriver into guide.
