

## Heat Resistant

- High modulus permanently flexible 100% silicone
- Temperature resistant up to 300°C
- Ideal for sealing industrial and high performance gaskets, oven doors, hot plates and motors

### Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-504-005	Black	C3	1	25
238-504-015	Red	C3	1	25

## High Temperature Sealing Paste

### Firecement HT

- A high quality sealing paste for sealing joints and openings in high temperature areas
- Cures to form a hard joint in heating systems, furnaces etc.
- Heat resistant to 1,500°C
- Will not crumble or crack after hardening

### Range Information

Product Code	Colour	Cartridge Size	Unit Qty	Carton Qty
238-512-250	Black	310ml	1	15

## Fire Rated

- Intumescent acoustic acrylic sealant
- Swells to three times its original volume when exposed to temperatures in excess of 125°C
- Prevents the passage of fire and smoke
- Fire rating of up to 5 hours in certain joint configurations
- Tested following principles of BS EN 1366-4:2006 (formerly BS 476 Parts 20/22)
- Acoustic rated to BS ISO 140/3
- Tested for air permeability to EN 13141-1
