

24 Hour Universal Time Switch

Product Code OP-TS111.1

- Single channel
- Synchronous without reserve
- Daily programme
- 15 Minute tappet intervals
- 16 Amp resistive, 8 Amp inductive
- Volt free SPDT contacts
- Incandescent lamp load 1300w
- Surface, flush and DIN rail mounting
- Not suitable for discharge or LED lighting without a contactor

See Page 20 for technical data**24 Hour Universal Time Switch**

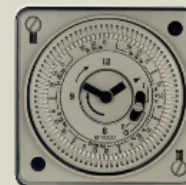

Product Code OP-TS111.2

- Single channel
- Synchronous without reserve
- Daily programme
- 15 Minute tappet intervals
- 16 Amp resistive, 8 Amp inductive
- Volt free SPDT contacts
- Incandescent lamp load 1300w
- Panel Mounting
- Not suitable for discharge or LED lighting without a contactor

See Page 20 for technical data**7 Day Universal Time Switch**

Product Code OP-TS171.1

- Single channel
- Synchronous without reserve
- Weekly programme
- 2 Hours tappet intervals
- 16 Amp resistive, 8 Amp inductive
- Volt free SPDT contacts
- Incandescent lamp load 1300w
- Surface, flush and DIN rail mounting
- Not suitable for discharge or LED lighting without a contactor

See Page 20 for technical data**24 Hour Quartz Reserve Time switch**

Product Code OP-TS211.1

- Single channel
- Quartz with reserve
- Daily programme
- 15 Minute tappet intervals
- 16 Amp resistive, 8 Amp inductive
- Running reserve 150 hours

- Battery charging duration 70 hours
- Volt free SPDT contacts
- Incandescent lamp load 1300w
- Surface, flush and DIN rail mounting
- Not suitable for discharge or LED lighting without a contactor
