

WiFi Products

WiFi Plug-in Timer

Product Code OP-TIPWF01

WiFi Universal Boiler Module

Product Code OP-BM/IHTWF01

WiFi Socket Box Time Switch

Product Code OP-SBWF01

WiFi DIN-Rail Timeswitch.

Product Code OP-DRWF01

CONNECT

CONNECT is the OPTIMUM range of WiFi Time Switches. These products are remotely programmable via the user's home WiFi hub and a Smartphone app. Via the app they can be programmed for a timed switching sequence on a 24 hour or 7 day basis. They Control a volt free switch with a resistive rating of 16 amperes. There is a manual override button on all devices, and they can be manually overridden via the app, whether the user is in WiFi range, or remotely if the smartphone has a data signal.

Additional WiFi switches can be added to the system - a standard WiFi router has capacity for up to 15 devices.

Devices are also compatible with Amazon Alexa & Google Home.

Security is military grade A.E.S. Encryption, with dynamic key allocation and an HTTPS encrypted channel.

- Communications:** Wi-fi 1sm 2.4ghz; Wlan 802.11 B/g/n
- Programme Capacity:** 20 On/off Programmes
- Countdown Function:** Countdown On or Off
- Power Consumption:** 1va @ 230v 50hz
- Resistive Load:** 16 Amperes
- Inductive Load:** 4 Amperes (Cos Ø 0.6)
- Temperature Rating:** -10155
- Accuracy:** Internet Synchronised
- Min. Timed Switching:** 1 Minute
- Manual Override:** On / Timed / Off
