Photocell version cannot be used with any of the trims but can be used with CPRIS

▼CPRIS is not recommended for use with the 4200K setting on the CO18

Flexible range offering multiple functions and trim options suitable for functional and decorative applications.

- Polycarbonate construction
- Stainless Steel captive fixing screws
- One rear & four 20mm side entries

The accessories enable you to transform the fittings from utility to decorative. Along with different colour options to suit the application as required.

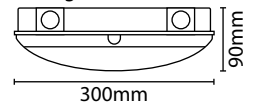

- Optional accessories available separately - prismatic diffuser and full, eyelid and grill trims

- See page 10 for microwave sensor & photocell features

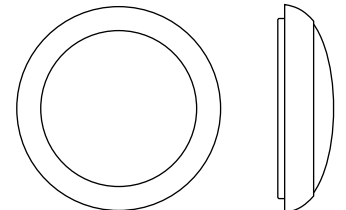

- FITTINGS = MOM: 1 / OPQ: 10
- TRIMS = MOM: 1 / OPQ: 50
