

Accessories

Unicrimp® accessories are designed to incorporate the majority of features applicable to the positioning of cable ties. Self adhesive bases, cradles, eyelets and clamps are supplied and manufactured from A.B.S. or Nylon 6/6 material. In case of self adhesive components the adhesive pads themselves have a base synthetic rubber foundation which when applied gives a high permanent bond to most surfaces. On all applications a dual option of bolt fixings is designed into the base as a preference if required.
