R8MULK-15	Dropped Accessory Legend	

It is a legal requirement to provide adequate emergency lighting and signage in our buildings. Traditionally it has been bulky and unattractive. Not so with these fittings. For all building types, recessed or surface mounted, wall or ceiling mounted, they combine attractive aesthetics with the latest T5 fluorescent tube and electronic ballast technology to provide functional and energy saving fittings with the option of automatic self test and dropped legend accessory.

- Offices
- Public Buildings
- Shops and stores
- Health Centres
