

HASP & STAPLES

500

The design of the Kasp 500 Series Van Lock makes it almost impervious to conventional forms of attack. Specifically designed to meet the stringent demands of industrial vehicle applications, the Kasp 500 Series will resist the most savage of attacks. The high security anti-pick, 6-pin locking mechanism will resist intelligent picking and manipulation methods, whilst the walls of the hasp protect the heavyweight hardened steel lock offering virtually no points of effective attack.

Fits virtually all vans and trucks with sliding or hinged doors as well as trailers and containers. Also suitable as a high security locking device for garages, lock ups, gates, etc. Supplied complete with 6 x coach bolts.

Padlock:

- Chrome plated hardened steel body
- Shrouded steel shackle
- 6 Pin cylinder
- Corrosion resistant mechanism
- 2 keys

Hasp:

- Zinc plated heavy duty steel construction
- Supplied complete fixing bolts
- Integral storage bracket for secure storage of the lock when open
