

## LED 15,000hr Spotlight

GU10 and GU5.3 Spotlights are designed to fit into downward lighting fixtures. Usually designed with a focused beam, the Energizer range of spotlight lamps come with a wider beam angle for a softer focus.

- 15,000 hour life
- 40,000 switching cycles
- Colour rendering index >80
- Opal and glass finishes
- 3 Colour temps; 2,700K, 4,000K and 6,500K
- 2 Caps ; GU10 and GU5.3
- Recommended for indoor use only

**Energizer**
