

## SDS & MASONRY DRILLING

# Xiphos™

### SDS PLUS CHISEL BIT

- Tungsten carbide tip conforming to DIN 8035.
- Heat treated for extra toughness.
- Suitable for all hammer drilling machines with SDS Plus drive system.
- Supplied on plastic hanging clip.
- Double Flute for quicker dust extraction from hole and smoother drilling
- Applications - Suitable for drilling into hard materials such as concrete, rock, brick, stone and granite.

Standard: Conforms to DIN8035

Material: Heat treated steel with tungsten carbide tip  
Finish: sand blast

Usage: Concrete, Rock, brick, stone and granite

### MASONRY DRILL BIT

Standard: DIN 8039

Material: Hardened Steel tungsten carbide tip

Finish: Zinc Plated

Usage: Concrete, Rock, brick, stone and granite
