

## CEILING ACCESSORIES

The extensive range of Crabtree ceiling accessories combines modern styling with advanced safety design features.

The standard range of ceiling accessories now offers a competitive alternative to the safety range.

The Crabtree range of Luminaire Support Couplers (LSC) provide flexibility and versatility to meet the demands of many domestic, commercial and industrial lighting applications.

Design of the Safety lampholder body is common to both pendant and batten lampholders. This ensures that the lamp must be fully inserted before the lampholder contacts become 'live'.
