Product image

A partition plate is used for the optical separation of circuits or used for electrical isolation from neighbouring cross-connectors. In contrast to the end plate, the contour can be larger than the adjacent terminal blocks. However, it should not be smaller, as otherwise the required clearance and creepage distances within the application can no longer be maintained.

General ordering data

Version	Accessories, Fixing bracket
Order No.	1704740000
Type	ZBB ZDUB
GTIN (EAN)	4008190948399
Qty.	50 pc(s).
