

# NEW RCD SOCKET

OUR LIFE-SAVING DEVICE,  
PREVENTING FATAL  
ELECTRICAL SHOCKS

MODE<sup>®</sup>

13A 2 GANG TYPE A PASSIVE  
RCD SWITCHED SOCKET OUTLET  
CMARCDP036

The RCD socket provides the highest level of protection against electric shock and appliances plugged in, protecting outdoor appliances and the person using the socket. Installation of an RCD socket significantly reduces risk of death or serious injury.

- Trips at 30mA
- Twin earth terminals
- Mechanically latched with no need to reset after a power loss (Passive)
- Significantly reduces risk of death or serious injury
