

# 1 Gang Wireless Grid Switch - MK Logic Style White

## Features

- ▶ ENER-J's 1 Gang wireless grid switch is compatible with MK grid plus system and can be installed into MK grid plus plates.
- ▶ It can be used with the standard or with the dimming ECO Range receiving controller. It has a built-in micro energy generator - when the switch is pressed the kinetic system transforms the movement into energy. This transmits a signal to the receiver to turn the lamp or other load on or off. This solves the issue of having to install switch wiring which has been a problem ever since the invention of the lamp.
- ▶ Can be used alongside mains voltage grid switches.
- ▶ No Wiring. No Battery. Easy installation and usage.

Self Powered

No Radiation

No Maintenance

No Wiring

Durable

Cost Saving

## Technical Specifications:

Work Type	Push Button
Power Source	Micro Energy Acquisition and self-powered
Communication Model	FSK
Work Frequency	433Hz
Number of Keys	1 (1 gang)
Lifetime	200,000 times on/off
Control Distance	20m (indoor)
Control Method	Pairing with ECO Range Wireless Controller
Compatible with MK Logic Grid Plates	
2 Year Warranty
